I understand that should the student fail to complete the paid for year that I must request a return of funds/portion of paid funds from the school attending and may be liable for a portion of or all of the Education allowance depending on circumstances.

While education benefits are very generous, history tells us those parents with students attending Residential school inside/outside Canada should be prepared to pay out-of-pocket non-reimbursable expenses in the neighborhood of \$2,000.00 to \$5,000.00 per student per school year.
